WALK-IN-INTERVIEW ON TUESDAY, 27TH NOVEMBER 2018

Corrigendum

The Project Title: Niche Creating High Science Project (NCP) titled "Developmental Activities and high level numerical / simulation in advanced Research topic of layered configuration to resist high velocity impact and ballast loads – HCP 0017"

The Project Title: Niche Creating High Science Project (NCP) titled "Developmental of design recommendations of force coefficients for the evaluation of wind loads on ground mounted solar PV arrays required for the design of support – HCP 0017"

May be read as:

CSIR Mission on Safety and Security of Vital Installation is on "Analysis, design and development of blast and impact resistant hardened aircraft shelt". The Project deals with Developmental Activities and high level numerical / simulation in advanced Research topic of layered configuration to resist high velocity impact and ballast loads – HCP 0017

CSIR Mission on Safety and Security of Vital Installation is on "Design Guidelines for Wind Resistant Support Systems of Solar PV Arrays". The Project deals with Developmental of design recommendations of force coefficients for the evaluation of wind loads on ground mounted solar PV arrays required for the design of support – HCP 0017
