Project Work for Under-Graduate Students

Applications are invited through online from the eligible Under-Graduate students of Civil Engineering for carrying out project work in various Laboratories of CSIR-Structural Engineering Research Centre (CSIR-SERC), Chennai. Applicants are requested to go through the eligibility & selection criteria given below before applying.

Eligibility & Selection Criteria:

- Under-Graduate students pursuing Civil Engineering in reputed institutions like IITs / NITs / BITS and Government Institutes are eligible to apply for carrying out project work.
- Only the final semester students are allowed to do their project work. The minimum eligibility criterion would be of 70% marks (or CGPA of 7.5 out of 10.0) up to their sixth semester. Depending on the number of applications received, cut-off marks higher than that prescribed above may be fixed for selection of students.
- The project will not be offered for group of students; the students have to carry out the project work, individually, in a laboratory under the guidance of identified Scientist.
- Maximum number of Under-Graduate students intake per year will be restricted to 10.

Duration of Project: Minimum of four months and maximum of six months on full-time basis in CSIR-SERC campus.

Fees: No fee.

Apply Online: Applicants are required to apply online. Before proceeding online keep the softcopy of the following files in pdf format to upload.

1. Statement of Purpose (SoP) (not exceeding 500 words)
2. Signed copy of Rules and Regulations endorsed by HOD
3. Bonafide Certificate
4. Copies of Mark Sheets

Last Date for Receiving of Applications through Online: 31st July 2025
